Sir do you have time for a call. A sensitive matter POIB has been working on. PSB is engaged, just want to ensure you have awareness.

The Hendon Report will continue daily at 13:00 hrs. Also, Intelligence is in the OPS Command Post, NCRCC, ER & Montreal Command Post where we will be providing real time tactical info as well as to our own MCIC. Also we have two crowd infiltration teams on ground.

I had an interesting call with Pat Morris this evening. He had a call with Mark Patterson Intel Superintendent for OPS. Indicated his Chief had a vastly different view over the nature of the protest than he did. Pat and Mark share similar views on the protest. I will call you to provide more detail in the morning.

Concerned about Chief Sloly tasking Pat. I thought Pat handled it well and we are developing a response but OPS already has most of this information in their holdings and they participate regularly in Hendon. Not sure why he isn't tasking his own people who could then reach out to POIB to potentially fill in any gaps in their information.

Missing the option of a virtual hand.

This needs agreement from OPS - how are they proposing this is accomplished?

If they get the go-ahead, do we have the resources available, and when how quickly could we transition command?

Chuck, Pat's accurate and insightful comments re: the FLQ, got me thinking about the following:

AUGUST 29, 1964

International Firearms Robbery

The FLQ robs the International Firearms gun store in Montreal, stealing several cases of guns and killing employee Leslie McWilliams. Another employee, Alfred Pinisch, is mistaken for a robber and killed by police.
